Etobicoke student Nicole Woolley was recently chosen as one of five lucky recipients of \$5,000, thanks to the Firkin Group of Pubs' Say F.U. to Student Debt program.

As an in-debt university student and hard-working mother, Woolley won the money after her 500-word essay was chosen amongst hundreds of others who entered the online Firkin University contest.

The Etobicoke resident will put the funds toward finishing up her degree in Family and Community Social Services. The cheques will be presented to Woolley and the four other winners at an event at the Frog and Firkin, 4854 Yonge St., on Jan. 13.
